Membership scheme for education organisations

Global Education Derby (GED) is a specialist educational organisation working throughout Derby and Derbyshire.

We are part of a national network of development education centres accredited by the Development Education Association and a member of the Youth Action Network. We work with schools, youth workers, other educators and organisations in the formal and informal sectors to promote understanding and learning for a better world through education for sustainable development and global citizenship.

Membership of GED offers a new gateway for educational organisations such as schools, colleges and youth clubs to get support and guidance from committed, professional staff about preparing young people for life in a rapidly changing, complex world.

Working for a greener,
fairer world.
