

## Be part of a British Council Citizenship project and get resources for year 9

Get free access to cutting-edge methodology, resources and training from international citizenship specialists to help you embed up-to-date knowledge and skills at your school.

By participating in a unique international study with the ACT Project, you will get all of the above plus the chance to forge links with schools overseas. The training will also support you to weave British Values into your teaching.

If you are a Year 9 teacher of any subject in England, you could be eligible to take part.
