

INTRODUCING OUR NEW TEACHER GUIDANCE AND TEACHING RESOURCES ...

LEAVING NO-ONE BEHIND:

Marginalised groups and education for sustainable development

This web resource provides a selection of classroom based activities for both special education and mainstream secondary schools.

Our aim is to showcase the power and potential of using the Sustainable Development Goals within the curriculum as a catalyst for greater engagement, personal development and social change for young people.

Read about this Erasmus + funded project and access the resources, written by educators in Germany, Slovenia and UK, here:

The Leaving No-One Behind project (2019-2022)
- coordinated by Global Education Derby,
a specialist educational charity that works with
educators to develop global citizenship.
